

MATERIAL SAFETY DATA SHEET

PRODUCT CODE: GLVSL090P

PAGE 1 OF 2

VALID TILL: 02/08/2019

SECTION 1: PRODUCT NAME/DESCRIPTION

Product Name: **Silver 50**

Description: Medium weight silver lined natural rubber gloves (0.50mm)

Chemical Family: Polyisoprene Chloroprene Rubber

SECTION 2: PHYSICAL DATA

Specific gravity: 1.0-1.1 kg/m³

Appearance: Silver lined

SECTION 3: COMPOSITION / INFORMATION ON INGREDIENTS

All chemicals are non-hazardous and compliant to the FDA regulations.

Due to propriety reasons we are unable to divulge the chemicals used to manufacture the gloves. However please note that all the ingredients (except for pigment) are in compliance to requirements of FDA 21 CFR 170 to 199 regulations for rubber articles intended for repeat use in producing, manufacturing, processing, packing, preparing, treating, packaging, transporting or holding food.

SECTION 4: HAZARDS IDENTIFICATION

There is no evidence of any adverse effects or impact in respect of the glove when used for the intended purpose. There is a risk of Type I and Type IV sensitivity for sensitized individuals arising from accelerator residues on the surface of the glove. However please note that this risk is minimized as these particular ingredients are employed in the formulation at amounts well under the FDA 21 CFR 170 to 199 regulations and in particularly 21CFR 177-2600.

SECTION 5: FIRST AID MEASURES

Skin irritation: Wash with soap and water

SECTION 6: FIRE AND EXPLOSION HAZARD

Non-combustible at ambient temperatures, combustible when ignited

No explosion hazard

SECTION 7: ACCIDENTAL RELEASE MEASURES

Not applicable

SECTION 8: HANDLING AND STORAGE

Store in a cool, dry place, away from moisture, direct sunlight intense artificial light and sources of ozone.

SECTION 9: EXPOSURE CONTROLS/PERSONAL PROTECTION

The product is intended to be use at ambient temperature. Do not expose to hydrocarbon solvents.

SECTION 10: STABILITY AND REACTIVITY

Not applicable

SECTION 11: TOXICOLOGICAL INFORMATION

None.
